

Host your next party or team-building at our light-filled studio as you and your group build a professional piece of art that can be proudly displayed in your office or home. Village Glass Studio provides all of the materials, tools, firing and instruction as well as creative inspiration and artistic direction to ensure you have a cohesive, beautiful glass art piece when you are finished.

Choose from our most popular project packages, all available for groups of up to 8, 15 or 25 people.

Fused Glass Platter

Each person in your group designs a square tile according to your group's theme, design or color scheme. Village Glass Studio will turn the individual tiles into a single panel or slumped platter. Themes can include flowers, faces, geometric patterns, cocktail glasses, and so much more.

Fused Glass Mosaic Panel

Village Glass Studio will work with you to create a design that will be drawn onto the glass panel when your group arrives. Individuals can complete the design using glass mosaics that will result in a stunning work of art to hang in your lobby or office.

Fused Glass Mobile

Depending on the size of your group, each person will create 1-2 glass art pieces of varying sizes and shapes that will be strung and hung together to form a stunning glass art mobile that can hang from your ceiling. Each piece can be constructed to be fully unique, or all of the pieces can be designed into a unifying theme or color scheme.
